Dear Parents/Carers,

Following the government's confirmation that schools are to close this Friday, we are providing some home learning resources to continue your child's education. We appreciate that keeping children engaged in their learning whilst at home may be challenging so we have prepared some guidance.

For the first two weeks, we are sending home a home learning pack full of activities. We have included a timetable to ensure that families are clear on how to deliver the activities at home. We have also provided a list of useful websites and your child's login details.

We have set up each class teacher with an email address which will enable teachers to communicate with you and your children whilst schools are closed. You can access these emails Monday to Friday 9am-4pm. If you have not done so already, please let us know the email address we should use to contact you.
