Websites to use at home

Dear parents/carers,

Please find attached a list of useful websites. Some of these websites your child/ren will already be familiar with as we use them in school. Your child's class teacher has provided you with their usernames and passwords for any website that requires them. If you are missing a username or password please contact your child's class teacher.

myON Digital Library https://www.myon.co.uk/index.html

Username:

Password:

This site can be linked directly to your child's Accelerated Reader books. If you haven't already please click connect when logging in. The child then needs to enter their AR login details. (Note: These are the ones your child will use in school when they do their AR test.)

https://www.studyladder.co.uk/

Username:

Password:

Please note: In order for your child to access this home learning a parent or carer will need to join with their email address. This will enable you to see your child's progress and your child's teacher to send messages to the class and individual children. You will have received a letter showing you how to do this.

https://www.purplemash.com/sch/kingsmead-e9

Username:

Password:

https://www.mathletics.com/uk/
